BONI PLAYS GAME TO TRAP HIS WIFE

In Spite of Conduct, Count Has Hopes of Reconciliation.

GREAT FRENCH DAMES INVOLVED

Attorneys for Countess Don't Want to Call Witnesses Because of Disgrace That Would Be Brought Upon Many Families.

Paris, Nov. 3.—In spite of the reiterated statements made by Maitre Cruppi in the opening address of the trial of the case of the Countess de Castellane for divorce from her husband, Count Boni de Castellane, that there was not the faintest possibility of a reconciliation, it is by no means certain that the count has completely abandoned hope of such an outcome. His entire conduct since the suit for divorce began would appear to be based upon the belief that his wife, who for ten years submitted to so many indignities, must yield in the end. This theory will explain the count's refusal of liberal offerings of a life income, and it is disclosed that the count never ceased writing love letters to his wife in which he anathematized the American lawyers under whose influence he charged she was acting.

Friends of Count Boni say he was dumfounded to learn that the countess had allowed the presentation of a detailed case. He was so confident that his wife would surrender that he did not prepare a line of defense, and it was only Thursday that the documents, which, under French law, must be exchanged, were transferred to counsel for opposition.

It seems certain that Count Boni's defense to the charge of infidelity will be "unproven," and that he consequently will demand an inquiry and the production of witnesses for the purpose of prolonging the case, his idea being to accomplish a reconciliation. This would open a road to extricate the count from the money difficulties with which he is beset.

The calling of witnesses is what the attorneys for the countess are particularly anxious to avoid, as so doing would drag in some of the highest names of France. Maitre Cruppi did not utter one word to give a clue to the persons referred to as "Mme. A.," "Mme. B.," "Mme. C." and "Mme. D.," except to those persons familiar with current gossip.

If an inquiry can be avoided, the decision probably will not be rendered before Nov. 21.

Maitre Cruppi expects to speak for an hour and a half next Wednesday, and the remainder of that session of the court will be given to Maitre Bonnet, of counsel for the count. The court will then adjourn for a week in order to give the public prosecutor, who, under the French law, represents the interests of the community to present his conclusions. After this there will be a delay of another week while the judges prepare their decision.

The reports that the husbands of two of the women who were referred to on Thursday by Maitre Cruppi, have challenged Count Boni to duels, are without confirmation, and all inquiries made in the matter lead to the belief that they are untrue.

Charged with Heresy.

Cincinnati, Nov. 3.—A formal charge of heresy has been lodged against Rev. George Clarke Cox, rector of the Protestant Episcopal church at Clifton, and widely known in this city, because of a recent letter written by him and later endorsed in a sermon in which he disavowed belief in part of the creed. The matter will be taken up by the standing committee of the diocese of Ohio next Wednesday.

Death Strikes a Candidate.

New York, Nov. 3.—Thomas DeLaney, who was the independent League candidate for congress in the second district, Brooklyn, against the McCarron candidate, George H. Lindsay, died of appendicitis at his home in Brooklyn. He had been ill less than a week.

WITH DYNAMITE AND CROWBARS

Louisiana Sheriff Wrecks Bridge on Southern Pacific.

New Iberia, La., Nov. 3.—With dynamite and crowbars Sheriff George Henderson opened up a 45-foot gap in the trestle bridge of the Iberia and Vermillion railroad over the Petit district canal in order to permit a dredge boat to pass. The railroad is a branch of the Southern Pacific. The sheriff acted on authority of an order issued by Judge James Simon of the nineteenth judicial district court.

The legal point at issue was the right of drainage board to open this trestle to enable the dredge to complete the construction of the Petit canal. For three months the dredge has lain idle, unable to get past the trestle while legal controversies proceeded in the courts. Residents in two wards will be benefited by the completion of the canal and about 1,000 spectators gathered cheering each blast of dynamite.

The gap in the trestle will be closed within 24 hours.

Masons Adjourn Annual Session.

Macon, Ga., Nov. 3.—The Masons adjourned Thursday afternoon after a very successful session. Twenty-one charters were granted for new lodges, showing how Masonry is spreading. The committee appointed to look after a new temple for Macon recommended that the present building be remodeled instead of sold and another building erected. This will be done. The grand lodge this year was well attended in every respect, and the session was the most successful in the history of the organization.

Drank Carbohc Acid.

New York, Nov. 3.—Burton Filedell, a resident of Mamoroneck, N. Y., committed suicide in the public square Thursday. Filedell rushed into a store and flourishing a bottle of poison, said excitedly: "It's all up with me. I am through. Goodbye." Then he dashed out into the square and while the villagers looked on he swallowed two ounces of carbohc acid. He fell unconscious and was dead before a doctor could be called. Sudden insanity is believed to have prompted the suicide.

Swallowed 5-Inch Bolt.

New York, Nov. 3.—A Times special from Middletown, L. I., says that a physician, who examined Edward Green, an inmate of the Middletown state hospital, found a large swelling in his right side in the region of the vermiform appendix. He called a surgeon, who operated and found an iron bolt, five inches long, in the body. It apparently had been there a short time. Green had a mania for swallowing iron and steel. It is doubtful if he can recover.

Price of Camphor Advances.

New York, Nov. 3.—The price of camphor has gone to a new high record, \$1.05 in barrels and \$1.05½ in cases. The Journal of Commerce says the rise is due to a scarcity in the camphor supply and in giving reasons, says that the Russo-Japanese war affected the production of Japan and greater difficulty is being encountered in obtaining gum in the island of Formosa. The great bulk of the world's output comes from these two places.

Battleship Ready for Roosevelt.

New York, Nov. 3.—All preparations on the battleship Louisiana which is to take President and Mrs. Roosevelt to Panama are nearing completion. Thursday the sailors began coaling and 750 tons were put away before dark. Another 750 tons will be stowed away and the ship will be scrubbed and holystoned fore and aft. For the use of the president, an electric launch, specially fitted, will be hoisted on board Monday morning.

Bank Official Accidentally Killed.

Salem, Ind., Nov. 3.—Charles B. Williams, bookkeeper of the Citizens' bank, and acting as cashier, was discovered dead in the vault of the bank Friday. A load of shot from a shotgun had penetrated his heart. The gun was kept in the bank vault and it is believed Mr. Williams in changing its position, he accidentally discharged it. He was a son of former Auditor J. L. Williams, of this county.

SUPPLY TRAIN IS LOOTED BY INDIANS

Was a Clever Piece of Work For the Redskins.

MILITARY HAS BEEN OUTWITTED

United States Property Enroute to the Cavalry Camps Held Up and Robbed by Ute Indians—Troops in Need of Provisions.

Sheridan, Wyo., Nov. 3.—Further details of the raiding of a government supply train bound for the tents of the Tenth and Sixteenth cavalry, characterizes it as a clever piece of work, evidently planned some of the older heads of the Ute tribe. According to driver James Forgen, no Indians were in sight until a bunch of about a hundred mounted redskins suddenly dashed out of a defile in the hills and quickly surrounded him. They made little noise outside of a few sharp yells in the nature of commands and while several Indians kept Forgen under their rifles the balance rifled his wagon train of three thousand pounds of flour, the sacks of which were strapped to the cauyases of the Indians, who then disappeared into the hills. As the result of the raiding of the supply train the troopers are in need and the operations looking to a chase of the Utes are practically at a standstill until supplies can be had. More supply trains will be sent out from Arvada at once. Troops from Fort Keogh with supplies, are now at Ashland, enroute to the camp of the Tenth near Moorhead.

The Utes have completely outwitted the military and are now reported back in Wyoming on the Powder river, retracing the route by which they entered Montana. They evidently knew of the arrival of the troops at Ashland and have either given up the attempt to reach the Cheyennes or are waiting for that band to meet them in some other part of the country. The Utes on Bear Creek have not moved, according to telephone advice received here.

Has Been No Clash.

Meridian, Wyo., Nov. 3.—A correspondent in the field denies positively the report that there has been a clash between the Cheyennes and the soldiers. Fort Keogh troops are now patrolling Tongue river valley between Birney and Ashland, and have not seen any of the Cheyennes.

Colonel Augur left Birney Friday for Ashland.

Reports of the burning of a ranch building at the "O. W." ranch received here by way of Birney, are not credited.

The Ute chief, Appar, is reported deposed by his tribe because he favored a pow-wow with the troops. It is said he was supplanted by Black Whiskers and Red Cap who favor union with the Cheyennes and offering resistance.

Honor Paid to Whitelaw Reid.

Dundee, Scotland, Nov. 3.—The freedom of the city of Dundee was Friday conferred on Whitelaw Reid, the American ambassador. In the course of his speech, thanking the municipality, the ambassador referring to the relations between the United States and Great Britain, said the statesmen of either country had no higher task than to preserve those relations. When it was remembered that nearly one-third of the entire trade of New York and nearly half the whole trade of the United States was with the British empire, all would recognize that there were billions of reasons for maintaining and perpetuating the present cordial relations.

Alabama Planters Hold for Rise.

Decatur, Ala., Nov. 3.—Cotton planters in this locality are now holding their cotton, believing that they will be able to realize more for it later on. The weather is fine for picking, and as a result much cotton is being picked. The farmers are bringing their cotton to this city and are having it ginned, and are then hauling it home and storing it away for better prices.

WITH MINING INDUSTRY.

Fully Fifty Per Cent of Corporations Are Connected.

New York, Nov. 2.—Fifty per cent of all the big corporations chartered in this country since Oct. 1, says the Journal of Commerce, are connected with the mining industry, in one way or another of its phases.

But for the activity in this direction the statistics of new organizations would show a decided falling off.

The grand total for the month is \$375,376,000, against \$242,035,000 for September.

To last month's total, million-dollar companies formed in the eastern states, contribute \$138,350,000, compared with \$120,950,000 in the corresponding month of last year. Western and other states are represented in the principal list by \$191,168,000, the largest contributor being the Chicago and Northwestern, with a capital of one hundred million.

Slept for Twelve Years.

Columbia, Ky., Nov. 3.—One of the most remarkable cases in the annals of medical science has just come to light in Russell county, the truth of which is vouched for by prominent citizens of that community. Herschel Grider, aged 63 years, of near Rowena, fell asleep 12 years ago, and all efforts to awaken him have proven unavailing to this day. During that time he had been given liquid nourishment twice a day. The man's pulse and physical condition are said to be normal, and his muscles are more supple than a man who has had exercise. Physicians there are puzzled over the strange malady.

Ade Not To Wed Miss Hale.

Chicago, Nov. 3.—George Ade has denied that he is engaged to be married to Miss Helen Hale, the actress, and has issued the following statement upon the subject: "The story to the effect that I am engaged is misleading. I am not engaged, I am not well acquainted with Miss Hale, have not seen her for two years; never had a letter from her; never said more than eight words to her. The story is a wilful misrepresentation, and probably was started by some one who is trying to injure her standing in the theatrical profession."

Irish International Exposition.

New York, Nov. 3.—A London special published here says that next May will see the opening of the Irish international exposition. The guarantee fund now amounts to \$1,000,000. The buildings will resemble in scheme those of the late Paris exposition. A prominent feature will be a great dome, the elevation of which will be equal to half that of St. Paul's cathedral, London. If King Edward does not open the exhibition he will at least honor it with his presence at a later date.

Civil War Records Ready.

Washington, Nov. 3.—Volume 20 of the official records of the Union and Confederate navies in the war of the rebellion have been completed, and volumes 19 and 20 distributed during the year according to the annual report of Charles W. Stewart, superintendent of the library and naval war records of the navy department. Volume 21, which includes the operations of the West Gulf blockading squadron during 1864, has also been completed and volume 22 is completed and is part in press.

Large Distillery Seized.

Eatonston, Ga., Nov. 3.—The arrest by the United States marshal of Arthur J. Clements, a prominent young farmer living four or five miles east of this place, charged with illicit distilling, created great surprise among his many friends and acquaintances throughout the county. His arrest was the result of the discovery and destruction by the revenue officers of one of the largest illicit whiskey distilleries ever found in the state, so stated one of the officers.

Gifts for Sage Employees.

New York, Nov. 3.—The employees in the office of the late Russell Sage have received, in addition to their regular October salary from the estate checks from Mrs. Sage for an equal amount, which virtually doubles their salaries. Mrs. Sage designed the increased pay to be a reward for long and faithful service on the part of her husband's employees.

TERRIBLE EXPLOSION AT CHATTANOOGA

Store Room of Railroad Completely Wrecked

1 MAN IS KILLED; 6 ARE INJURED

Every Building in Chattanooga

Made to Rock by Terrific

Explosion—Fire Believed to

Incendiary Origin.

Chattanooga, Tenn., Nov. 3.—An explosion in a burning store room of the Cincinnati Southern railroad shook the city and suburbs at 10 o'clock Friday morning.

As a result of the explosion, one man was killed, and several others injured, none of them fatally.

The money loss is unestimated, perhaps \$1,500.

The fire is thought to have incendiary origin.

The railroad officials are at fault to account for the act. There was no dynamite or powder in the building, only railroad ties and fuses.

Prospectors Will Protest.

Hawthorne, Nev., Nov. 3.—Numerous prospectors who failed to cure claims on the Walker Indian reservation are endeavoring to perfect an organization for the purpose of making formal protest to the authorities at Washington. They endeavor to have the opening of the reservation on the ground that it was not properly conducted and they will as if the reservation is opened no entry be placed in charge of the reservation at least two weeks before a signal is given to start. A considerable disorder now exists at Creek camp on account of the shipment of several saloons into mining town.

1,500,000 Tons of Steel Rails

Chicago, Nov. 3.—The Herald says that more than 1,500,000 tons of steel rails have been ordered by the railroads for delivery within a short time, and that orders for as many tons will be placed with the various mills. The total capacity of the steel mills in this year is about 3,000,000 tons, of them are assured their capacity for 1907. Never before said, have so many orders been placed by the railroad season.

Charles Kincaid Dead.

Cincinnati, Nov. 3.—Charles Kincaid, former United States senator at Manchester, England, and a political correspondent for New York and San Francisco papers at Washington, died Friday, aged 51. He was prominent in Kentucky for years, serving as Anderson county judge, as first railroad commissioner in that state, as private secretary to Governor Proctor Knott, and as capacities. For the past eleven years he has been with the Cincinnati Enquirer.

Congressman Hoar Dead.

Worcester, Mass., Nov. 3.—Representative Rockwood Hoar, of the Massachusetts district, son of Senator George F. Hoar, died Friday night at his residence in Worcester after an illness of five weeks. Congressman Hoar, since Sept. 1, been unable to take part in the campaign for his re-election to Congress. His nomination for congress was very closely the death of his distinguished father, Senator George F. Hoar, in 1904.

Father and Sons in Jail.

Eastman, Ga., Nov. 3.—John Joiner and his two sons were in jail here charged with the murder of Bryant Sheffield at Kalmecus, Ga. The killing grew out of a family quarrel. The particulars are meager. The case occurred Thursday afternoon.

New Pastor for Knoxville.

Knoxville, Tenn., Nov. 3.—W. H. Osborne, of Knoxville, has accepted a call to the St. John's Episcopal church in Knoxville, effective Dec. 1.

Report Was Incomplete.

The report of the meeting of the Veterans of the Blue and Gray, which was held at the office of County Judge Mason Friday afternoon, and which appeared in The Sun, appeared to be incomplete, as the committees, etc., were omitted. This was due, however, to the fact that the reporter labored under the impression that the meeting was about at a close when he was called away.

Among other business transacted by the meeting was the appointment of a committee on receiving or welcoming the Veterans on the occasion of the U. C. V. reunion on the 13th and 14th insts. This committee comprises Dr. F. Prescott Bullock, Judge H. G. Mason and C. E. Whiting.

Delegates were appointed to Tampa upon the occasion of the Blue and Gray Day. They were H. G. Mason and G. B. Crawford. John W. Tench was selected to deliver the address of welcome.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

THE NEWS FROM MELROSE.

A Delightful Box Social—Winter Visitors Arriving—Other Notes.

Melrose, Nov. 3.—Melrose Camp No. 176, W. O. W., was organized here on Tuesday with the following officers: O. C. Husband, council commander; W. E. Baker, advisor lieutenant; S. W. Coward, banker; H. Jackson, escort; L. M. Baldwin, clerk; A. J. Goodson, watchman; A. W. Craig, sentry. So far twelve members have joined. The regular meetings will be held the first and third Tuesday in each month at Masonic Hall.

Newly arrived from the North are Mr. and Mrs. N. Orr, Mr. and Mrs. A. W. Hamlyn and Mrs. Treadwell, all of Hahokus, N. J., also Mrs. Caldwell of Springfield, Mass.

Rev. S. W. Lawler and Lee Goodson of Palatka were in town during the week.

Dr. Frank McRae and A. W. Craig left Wednesday to join Sheriff Fennell and others in a deer hunt.

L. M. Ward has returned from a pleasant visit to his brother at Hawthorn.

The box supper held last night at the town hall was a great social as well as financial success. The tastefully decorated hall was well filled with pretty girls and eager, hungry buyers, and when C. P. Hoffman, in his usual happy and jolly way, commenced to auction off the boxes, all of which were most artistically decorated with crepe paper, ribbons and flowers, it was difficult to make a choice, especially after being assured by the auctioneer that the inside far surpassed the outside of the boxes; so when an unusually keen bidding was kept up it caused a good deal of amusement, as it was easily guessed that the bidders knew whose box it was, and were willing to pay a fancy price for it, so long as they got it. With the sale of coffee, ice cream and candy, about \$30 was raised, which will be applied as a first payment on the new piano for the school. Orange Heights was well represented by quite a contingent, well supplied with funds. Other entertainments for the same purpose will be held during the winter.

Jacksonville Carnival, Nov. 5th to 10th.
On account of the above occasion the Atlantic Coast Line will sell tickets

from all points in Florida to Jacksonville and return at rate of class fare plus 25 cents for trip. These tickets will be Nov. 5th to 9th inclusive and scheduled to arrive in Jacksonville before noon of Nov. 10th. Of these tickets good leaving time not later than midnight.

The Carnival at Jacksonville will be complete in every way and everyone who can possibly should take advantage of the opportunity to visit Jacksonville, the metropolis of the State.

Full information, Pullman tickets, etc., can be had from the Coast Line agents.

and he admitted, when he spoke at Palatka, that he never voted against one of these land grants. He also admitted that he recently sold 50,000 acres of these lands at 41 cents an acre at a private sale. The party who purchased sold the next day or so for a net profit of \$36,000.

"It is clear that Governor Broward not only voted to give these lands to the railroads, but he is now trying to drain them for the roads at the expense of stockmen and other people owning high lands in the drainage district. The East Coast Railway is fighting the proposed amendment and the L. & N. Railway Company is assisting Governor Broward in the fight to drain them.

"Why does the East Coast fight the drainage tax and the proposed amendment? I don't know, but I do know that this road is in the drainage district—a hundred miles of it or more, and it owns thousands of acres of pine lands high and dry in the drainage district. It is reasonable to suppose that it is like other property owners in the drainage district—it does not want to pay drainage tax on lands not benefited by the drainage.

"The proposed amendment is un-Democratic, un-Republican, un-American, and contrary to the spirit and principles of our republic and institutions. I have no doubt its purpose is to create an impregnable political machine. It offers the greatest possibilities for graft and wrong-doing. Some say we should trust our high officials. I say our government was formed with a view of its three departments, viz: legislative, judicial and executive, being checks to one-another. If this amendment should be adopted you have created another department and clothed it with unlimited power with no check or limitation, and you destroy the legislative department of our State on this question and take away from our Legislature the power to pass any laws for its government or control.

"Some say we should trust our high officials. I say our laws should be so formed as to prevent wrong-doing so far as possible and to safeguard our interests, and not make the way for wrong-doing so clear and inviting. It could not hurt an honest man and he should not object. In the great prayer Christ taught us to say among other things: 'Lead us not into temptation, but deliver us from evil.' All interests of the public that fall into the hands of politicians should be safeguarded."

DANGERS FROM DYSPEPSIA.

Imperfect Digestion Most Prolific Cause of Serious Disease.

Few people seem to realize the real dangers in disturbed, deficient or defective digestion.

While health reports do not give indigestion as a cause of death, yet it is in reality often fatal, as it so weakens the stomach that one becomes readily susceptible to an attack of typhoid fever, kidney disease, nervous prostration or other serious or fatal diseases.

At the first symptoms of indigestion, Mi-o-na stomach tablets should be used. If there is a feeling of heaviness in the stomach, distress after eating, nervousness, dizziness, nausea, headaches, sleeplessness, pains in the side and limbs, specks before the eyes, or a peevish irritable condition, with debility and weakness, begin the use of Mi-o-na at once.

It will build up the stomach and digestive organs so that you can eat anything at any time without fear of distress or indigestion.

A 50-cent bottle of Mi-o-na tablets will, in most cases, give prompt relief and cure, although in chronic and long-standing weakness of the stomach, two boxes or more are sometimes needed, but J. W. McCollum & Co. guarantee Mi-o-na will cure, in all cases, no matter how chronic or serious, or money will be refunded. You run no risk whatever in buying Mi-o-na.

All articles for this department can be delivered to the Gainesville Furniture Store on Tuesday and Wednesday of next week, October 6th and 7th, when Mr. J. K. Abrams will receipt you for same. I want to assure you that your efforts are appreciated, and all articles will be bundled and returned in the best possible condition.

N. A. CALLISON,
General Commissioner.

Report Was Incomplete.

The report of the meeting of the Veterans of the Blue and Gray, which was held at the office of County Judge Mason Friday afternoon, and which appeared in The Sun, appeared to be incomplete, as the committees, etc., were omitted. This was due, however, to the fact that the reporter labored under the impression that the meeting was about at a close when he was called away.

Among other business transacted by the meeting was the appointment of a committee on receiving or welcoming the Veterans on the occasion of the U. C. V. reunion on the 13th and 14th insts. This committee comprises Dr. F. Prescott Bullock, Judge H. G. Mason and C. E. Whiting.

Delegates were appointed to Tampa upon the occasion of the Blue and Gray Day. They were H. G. Mason and G. B. Crawford.

John W. Tench was selected to deliver the address of welcome.

Newberry Notes.

Newberry, Nov. 3.—Mr. and Mrs. R. H. Frazer, J. J. Garland, Mr. and Mrs. Bell, Mr. and Mrs. Strange and Miss Sarah Williams saw the circus in Jacksonville Friday.

Mrs. C. D. May and Mrs. Pat Hubbard spent Tuesday at Alachua.

Thursday all who could get a gun and dog spent the day in the woods. J. W. Exley has moved his family to Gainesville.

Mrs. Vincent of Williston was visiting in the city this week.

C. D. May spent Friday at Alachua. The young ladies were entertained at the home of Mr. and Mrs. G. H. Smith Wednesday night at a "kimono party."

S. P. Getzen is seeing the sights in Jacksonville this week.

Mrs. E. A. Groff has a handsome sign now over her millinery store.

The Atlantic Coast Line will sell from all points in Florida to Gainesville, November 12th-13th, account of the Florida Division of the Confederate Veterans' Reunion, tickets at the rate of one cent per mile plus twenty-five cents, with limit to return not later than midnight of the 13th. See your nearest railroad agent for exact rate, or for any further information write Frank C. Bayliss, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

MR. RAMSEY INTERESTED.

Will Send Fine Display of Oats in Husk, and Oats and Rice in Sheaf.

Among the prominent farmers who visited Gainesville Friday was F. Marion Ramsey of Wacahoota.

Mr. Ramsey is greatly interested in the Alachua county exhibit for the State Fair, and has promised to send some fine samples of oats threshed and oats and rice in the sheaf. He has just finished his threshing, and says that his ninety-day oats will run fifty-two pounds to the bushel, against an usual average of twenty-eight to thirty pounds.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

THE NEWS FROM MELROSE.

A Delightful Box Social—Winter Visitors Arriving—Other Notes.

Melrose, Nov. 3.—Melrose Camp No. 176, W. O. W., was organized here on Tuesday with the following officers: O. C. Husband, council commander; W. E. Baker, advisor lieutenant; S. W. Coward, banker; H. Jackson, escort; L. M. Baldwin, clerk; A. J. Goodson, watchman; A. W. Craig, sentry. So far twelve members have joined. The regular meetings will be held the first and third Tuesday in each month at Masonic Hall.

Newly arrived from the North are Mr. and Mrs. N. Orr, Mr. and Mrs. A. W. Hamlyn and Mrs. Treadwell, all of Hoboken, N. J., also Mrs. Caldwell of Springfield, Mass.

Rev. S. W. Lawler and Lee Goodson of Palatka were in town during the week.

Dr. Frank McKee and A. W. Craig left Wednesday to join Sheriff Fennell and others in a deer hunt.

L. M. Ward has returned from a pleasant visit to his brother at Hawthorn.

The box supper held last night at the town hall was a great social as well as financial success. The tastefully decorated hall was well filled with pretty girls and eager, hungry buyers, and when C. P. Hoffman, in his usual happy and jolly way, commenced to auction off the boxes, all of which were most artistically decorated with crepe paper, ribbons and flowers, it was difficult to make a choice, especially after being assured by the auctioneer that the inside far surpassed the outside of the boxes; so when an unusually keen bidding was kept up it caused a good deal of amusement, as it was easily guessed that the bidders knew whose box it was, and were willing to pay a fancy price for it, so long as they got it. With the sale of coffee, ice cream and candy, about \$30 was raised, which will be applied as a first payment on the new piano for the school. Orange Heights was well represented by quite a contingent, well supplied with funds. Other entertainments for the same purpose will be held during the winter.

Jacksonville Carnival, Nov. 5th to 10th. On account of the above occasion the Atlantic Coast Line will sell tickets

from all points in Florida to Jacksonville and return at rate of class fare plus 25 cents for the trip. These tickets will be Nov. 5th to 9th inclusive and scheduled to arrive in Jacksonville before noon of Nov. 10th. Full information, Pullman tickets, etc., can be had from the Atlantic Coast Line agents.

The Carnival at Jacksonville year will be complete in every way and everyone who can possibly should take advantage of the opportunity to visit Jacksonville, the metropolis of the State.

Full information, Pullman tickets, etc., can be had from the Atlantic Coast Line agents.

Baby won't cry if you give him BALLARD'S HOREHOUND SYRUP.

Mrs. J. C. Jenkins, Fort Colo., writes: "I can't say enough for Ballard's Horehound Syrup. It has cured my baby of the croup and children of severe cold. I know no better medicine."

WILBURN MADE A SOUND ARGUMENT

Many Facts Which Im- pressed Hearers Saturday.

VOTERS TO THINKING

Some Startling Statements, Veri-
fied by the Records, and Declared
the Passage of Drainage Amend-
ment Would be a Curse to the State.

to the drainage question,
agitating the minds of the
of Florida more than any other
of politics at this time, Hon
Wilburn of Palatka, one of the
lawyers of the State and an
of great ability, addressed the
of Gainesville and Alachua
at the court house Saturday

speaker was introduced by Prof.
Smith, in his usual affable man-
ner who declared that Col. Wilburn
not only an orator of recognized
but a man who had studied
drainage question thoroughly, and
relate a few facts in opposition
the passage of the measure at the
November 6.

Wilburn began his remarks in a
strain, assuring the good peo-
ple of Gainesville and Alachua county
felt honored upon any occasion
the beautiful University city
single with its citizens and the
of Alachua county.

There is one thing I have to regret,
he said, "and that is that
distinguished personal friend and
of the drainage amendment,
Srd L. Carter, is not present. I
fully to have met him in
debate today, but learned upon
arrival that he had duties which
him elsewhere. Had I known
Judge Carter would not have

night you had listened to the
arguments of one of Florida's
best sons, Hon. Alex. St. Clair-

to give you a few pointers on

to begin with," continued the
speaker, "I want to tell you that I
kept pretty well in line with the
in Putnam county, and I am
most when I say that I believe
ninety per cent of the people of
this county will vote against this
amendment. The consti-
tution of our nation and State have al-
ways been considered the bulwarks
of liberty, and in amending them
should be sure that such amend-
ments are necessary and 'safe and
sound.' It never was the purpose
of the constitution to take the place of
the constitution. If we are to make our con-
stitution take the place of the
constitution, then we destroy the purpose
of the constitution and we might pro-
duce the kingdom of Great Britain
today—operate without consti-
tutional protection.

to desire to call your attention to the
amendment to Article XVI
of the constitution of Florida, relative
to the drainage of all the swamp and
overflowed lands in Florida.

in the history of our nation
have placed in the constitution of
State such provisions as are con-
tained in this amendment. It pro-
poses to make the Governor and four
members of his cabinet a board of
drainage commissioners with power to
divide the drainage districts where and
they please and of such size as
they please, and to tax all the swamp,
overflowed and alluvial lands in such
districts an annual tax of ten cents
per acre. It also provides that the
commissioners (not the State) shall
have jurisdiction on such lands for such
purpose as to all other lands. It
provides that all taxes shall be
collected by the tax collector and
turned over to these commissioners.
It is in mind these commissioners will
be required to give bond as treas-
urers, and they will not only
handle thousands of dollars, but
millions. This pro-
posed amendment, if adopted, cannot
be repealed or modified by an act of
the Legislature, because it will be the
supreme law of the State. It will take the whole matter
out of the hands of the Legislature and the
people, and place it in the hands of a few
men who will have to advertise for bids
for material. It is quite dif-

ferent with other boards operating un-
der our laws.

"At the same time this amendment
was proposed by a resolution of the
Legislature, the same body enacted a
law which was the same as this pro-
posed amendment and these commis-
sioners have been operating under
this law. Let us see what they have
done and we can do if we adopt this
amendment: They laid off a drainage
district embracing the greater part of
several counties and they taxed the
whole of the lands in this district,
whether wet or dry, five cents per
acre. Hundreds of people owned high,
dry pine lands and not a foot of the
swamp and overflowed lands, yet their
lands were taxed to drain lands they
did not own. People who had lands
fifty to a hundred miles from the lands
that were being drained, and that
could never be drained, were taxed.

"If the people adopt this amend-
ment, this board will be authorized to
put Alachua county in the drainage
district and tax every foot of land in
it. The proposed amendment pro-
vides that they may tax not only the
swamp and overflowed lands in the
district, but also 'alluvial lands.' All
lands embraced in the peninsula of
Florida are alluvial. (For the defini-
tion of the word 'alluvial,' the speak-
er referred his hearers to Black's Law
Dictionary).

"The Governor says to the people
outside of the drainage district that
the cost of the drainage will not fall
on the State or the counties out of
the drainage district, but how do know
where he will add more territory to
the district or make new districts, and
furthermore they have spent over
three hundred thousand dollars of the
State's money belonging to the In-
ternal Improvement Fund. If that
fund is ever replaced it will be by tax-
ation and Alachua county will pay her
part, and they are still operating at
the expense of the people. We have
an abundance of good land that needs
no drainage. We need more people,
and there will be no necessity to drain
these lands until the people use the
good lands already drained. We need
good roads to bring people, to create a
demand for lands. Why not build a
good hard surface road across each
county in place of sinking these funds
in the Everglades?

"Governor Broward says the Legis-
lature has granted to the railroads
over 17,000,000 acres of the 20,000,000
acres granted to the State in 1850 by
the United States, and that only 10-
800,000 acres remain, and he abuses
the Legislature for doing this; yet he
admitted that when he was in the Leg-
islature he voted to grant these lands
to the railroad companies, and the
journals of the House show that he
voted for eight of these land grants.

and he admitted, when he spoke at
Palatka, that he never voted against
one of these land grants. He also ad-
mitted that he recently sold 50,000
acres of these lands at 41 cents an
acre at a private sale. The party who
purchased sold the next day or so for a
net profit of \$38,000.

"It is clear that Governor Broward
not only voted to give these lands to
the railroads, but he is now trying to
drain them for the roads at the ex-
pense of stockmen and other people
owning high lands in the drainage dis-
trict. The East Coast Railway is fight-
ing the proposed amendment and the
L. & N. Railway Company is assisting
Governor Broward in the fight to drain
them.

"Why does the East Coast fight the
drainage tax and the proposed amend-
ment? I don't know, but I do know
that this road is in the drainage dis-
trict—a hundred miles of it or more,
and it owns thousands of acres of pine
lands high and dry in the drainage dis-
trict. It is reasonable to suppose that
it is like other property owners in the
drainage district—it does not want to
pay drainage tax on lands not ben-
efited by the drainage.

"The proposed amendment is un-
Democratic, un-Republican, un-Amer-
ican, and contrary to the spirit and
principles of our republic and institu-
tions. I have no doubt its purpose is
to create an impregnable political ma-
chine. It offers the greatest possibili-
ties for graft and wrong-doing. Some
say we should trust our high officials.
I say our government was formed with
a view of its three departments, viz:
legislative, judicial and executive, be-
ing checks to one-another. If this
amendment should be adopted you
have created another department and
clothed it with unlimited power with
no check or limitation, and you destroy
the legislative department of our
State on this question and take away
from our Legislature the power to pass
any laws for its government or con-
trol.

"Some say we should trust our high
officials. I say our laws should be so
formed as to prevent wrong-doing so
far as possible and to safeguard our in-
terests, and not make the way for
wrong-doing so clear and inviting. It
could not hurt an honest man and he
should not object. In the great
prayer Christ taught us to say among
other things: 'Lead us not into tem-
ptation, but deliver us from evil.'
All interests of the public that fall
into the hands of politicians should be
safeguarded."

DANGERS FROM DYSPEPSIA.

Imperfect Digestion Most Prolific Cause
of Serious Disease.

Few people seem to realize the real
dangers in disturbed, deficient or de-
fective digestion.

While health reports do not give in-
digestion as a cause of death, yet it is
in reality often fatal, as it so weak-
ens the stomach that one becomes
readily susceptible to an attack of
typhoid fever, kidney disease, nervous
prostration or other serious or fatal
diseases.

At the first symptoms of indigestion,
Mi-o-na stomach tablets should be
used. If there is a feeling of heaviness
in the stomach, distress after
eating, nervousness, dizziness, nausea,
headaches, sleeplessness, pains in the
side and limbs, specks before the
eyes, or a peevish irritable condition,
with debility and weakness, begin the
use of Mi-o-na at once.

It will build up the stomach and di-
gestive organs so that you can eat any-
thing at any time without fear of dis-
tress or indigestion.

A 50-cent bottle of Mi-o-na tablets
will, in most cases, give prompt relief
and cure, although in chronic and
long-standing weakness of the stom-
ach, two boxes or more are sometimes
needed, but J. W. McCollum & Co.
guarantee Mi-o-na will cure, in all
cases, no matter how chronic or serious,
or money will be refunded. You run
no risk whatever in buying Mi-o-na.

Woman Stole \$128,826.

that the woman who escaped with the
\$128,826 stolen from the treasury
wagon Oct. 27, has been arrested,
but that the money has not been re-
covered. She is described as a Jew-
ess, belonging to Simferopol, cap-

CHARGE OF MURDER SMITH ACQUITTED

Arraigned in Judge Mason's Court
Saturday and Discharged.

TO KILL THE MAN

Was the Testimony of Witnesses,
Who Stated That Antagonist Was
Advancing Upon Him and He Had to
Shoot to Save His Own Life.

Joe Smith, a colored man charged
with the murder of Joe Stevenson,
a negro, near Trenton, on
Saturday, was arraigned in County
Judge Mason's court Saturday for a
preliminary hearing, and was dis-
charged, the court finding from the
evidence that it was a case of justifi-
able homicide.

As usual, the tragedy occurred over
a woman. It is said
that Stevenson was the assailant, and
that Smith was compelled to fire upon
the antagonist in order to save his own
life.

Immediately after the tragedy
Smith was arrested by Deputy Sheriff
James Henry, when a coroner's in-
quest was held. The verdict of this
jury was that "Deceased, Joe Steven-
son, came to his death from the result
of a gun shot wound at the hands of
Joe Smith." Smith was then turned
over to Special Constable Duke, who
brought him to this city.

Smith is said to be of a rather in-
dusrious nature, while the man he
was compelled to kill was the opposite,
being a shiftless character, very sel-
dom with a job. Smith has been for
some time employed by Bell, Colson
& Co., contractors of Trenton.

Attorneys Baker, Matheson & Bax-
ter appeared for the defendant.

Fourth Quarterly Conference.

Rev. F. R. Bridges of Ocala, presid-
ing elder of the Gainesville district,
held the Fourth Quarterly Conference
at the church Saturday afternoon.

The various reports showed up good,
and Brother Bridges complimented
the official members highly. The
church also showed a good growth in
membership, and improvement to the
property was very gratifying.

Among other business transacted
was the election of the church officers
for the next conference year, as fol-
lows: Board of Stewards, H. L. Phifer,
J. M. Dell, E. K. Fagan, R. B.
Posler, Henry Ramsey, J. W. Cannon,
W. L. Floyd, W. M. Pepper, J. A.
Phifer, Ferdinand Bayer, W. R. Thom-
as, J. B. Padgett, W. R. McKinstry.

H. L. Phifer was elected Sunday
school superintendent, and W. L.
Floyd assistant Sunday school super-
intendent.

W. L. Floyd was elected recording
steward, and Ferdinand Bayer dis-
trict steward.

Made Happy For Life.

Great happiness came into the home
of S. C. Blair, school superintendent
at St. Albans, W. Va., when his little
daughter was restored from the dread-
ful complaint he names. He says:
"My little daughter had St. Vitus'

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Com-
mission's analysis shows that Ken-
nedy's Laxative Honey and Tar and
Bee's Laxative Honey and Tar con-
tained opiates and croton oil. Opiates
are poisons and croton oil is a violent
poisonous purgative. Refuse to accept
any but Foley's Honey and Tar in a
yellow package. Foley's Honey and
Tar contains no opiates or dangerous
drugs and is the best cough and cold

A. J. McMillan, 65 years of age, a
manufacturer's agent, said to be quite
wealthy, was found Friday in a field

his head was crushed and his pocket-

Letter to R. B. Livingston, Gainesville, Fla.

Dear Sir: If you could get the ex-
clusive sale of a coal that would give
double heat and cost no more, you'd
jump at it, wouldn't you?
You'd control the trade for a hun-
dred miles!
Devco is like that among paints; a
short ton is as good as a long one of
any paint you can name; a gallon is
worth more than two of many a pop-
ular paint.

Suppose you have painted your
house about once in three years ever
since it was new; you buy the same
number of gallons Devco, have a third
of it left, and it wears six years. Count
your costs.

\$1.75 a gal. for paint; \$3.50 a gal-
lon for putting it on; you saved 5 gal-
lons; \$25.25 on this job. But you save
the whole job of three years hence;
about \$75. Put 'em together; \$100.

Can't reckon so accurately as that;
but you see how it goes. Paint isn't
alike any more than coal. How much
more is coal worth than 1/4 slate?

Yours truly,

F. W. Darrow & Co.

While resisting arrest in a South
Chattanooga saloon, Will Hurd, a ne-
gro laborer, shot and killed Obe

ly expressed.

Fear Is Felt for the Bishop.

Jackson, Miss., Nov. 3.—The con-
dition of Bishop Charles B. Galloway,
who suffered an acute attack of
Bright's disease several days ago, re-
mains practically unchanged, accord-
ing to a statement of his physician.
While his condition is not considered
critical at this time, the physicians
in attendance are apprehensive of an
unfavorable change.

pears. For sale by all druggists.

Factory Destroyed by Fire.

watchmen in the building were re-
scued with difficulty.

were brought to his home here in a

NIP IT IN THE BUD.

First Appearance of Dandruff a Fore-
runner of Future Baldness.

That such is the case has been con-
clusively proven by scientific research.
Prof. Unna, the noted European skin
specialist, declares that dandruff is the
burrowed-up cuticle of the scalp, caused
by parasites destroying the vitality in
the hair bulb. The hair becomes lifeless,
and, in time, falls out. This can be pre-
vented.

Newbro's Herpicide kills this dandruff
germ, and restores the hair to its natural
softness and abundance.

Herpicide is now used by thousands of
people—all satisfied that it is the most
wonderful hair preparation on the mar-
ket to-day.

S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy
made "S. S. S. For The Blood" a household saying, and thousands who
today enjoying perfect health owe their recovery from blood or skin dis-
eases to this universally used blood medicine. S. S. S. is made entirely from ro-
herbs and barks which possess not only cleansing and healing ingredien-
but building-up and strengthening properties to keep the blood in per-
fect order. No one can be well when the blood is impure; they lack the ener-
and strength that is natural with health, the complexion becomes pale and
sallow, the vitality is weakened and they suffer from a general broken down
condition. When the waste or refuse matter, which nature intends shall
be thrown off, is left in the system because of a sluggish, torpid condition
the expelling members, it is absorbed into the blood, making this vital stream weak, sour and
acid, and its condition is manifested by boils, pimples, rashes, blotches and other eruptions
on the skin. S. S. S. goes into the circulation and removes every particle of blood taint
poison of every character, makes the blood fresh and strong and gives energy
to the entire body. When the blood has been cleansed by S. S. S. all skin
diseases and eruptions pass away and the smooth, clear skin, glowing with
health, shows that the body is being nourished by rich, pure blood. Rheu-
matism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc.
are all deep-seated blood disorders, and for their cure nothing equals S. S. S.
It does not injuriously affect the most delicate parts of the body and can be
taken with perfect safety by old or young. Book on the blood and an
medical advice desired without charge.

MUNICIPAL REFORMISTS WIN.

London, Nov. 3.—The triennial election of the London borough council have resulted in an overwhelming victory for the municipal reformists.

In some of the boroughs absolute majorities were won by the reformists, who were formerly known as the Progressives.

The victors were formerly known as the Progressives, and represent the Liberal and labor parties.

After several years of progressive rule, during which it is contended, the taxes were increased to enormous figures in consequence of huge expenditures, including palatial work, Turkish baths for women, who do not use them, and club houses and other similar municipal luxuries, the borough councils are once again great strongholders of Toryism.

The full figures are not yet available, but up to noon today the municipal reformers had won 610 seats, the Progressives 222, and the labor party 11.

Independent candidates 77, out of a total of 1,363.

The provincial municipal elections also have resulted in a rout for the Liberals. The campaigns in the provinces were mostly conducted on political party lines. Incomplete returns show that the Liberals have sustained loss of 33 representatives and the Conservatives have a net gain of 59. The labor party has a net gain of nine.

In London the labor party candidates seem to have fared even worse than the Progressives, but they made small gains in the provinces.

In Time of Peace.

In the first months of the Russo-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

500 Immigrants for Charleston.

Charleston, S. C., Nov. 3.—Commissioner of Immigration Sargeant, Commissioner of Labor Neill, Inspector Paul, of Ellis Island, and a corps of immigration inspectors, arrived at this place Friday to prepare for the reception of the immigrant ship Wittekind, which is expected to arrive on Saturday with 500 aliens from Bremen, Germany. This will be the first immigrant movement through a south Atlantic port in half a century and it is expected to prove of great importance. Many employers from various parts of the south are expected here to engage the emigrants.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.

Another Collegian Arrested.

Lexington, Ky., Nov. 3.—Another arrest was made Friday in the case against State college students who are charged with assaulting patrolmen in a riot caused by Halloween pranks. It was that of Louis Biggerstaff, who was identified by Patrolman Myers as one of his assailants. The grand jury has the faculty and 200 students before it, investigating a charge of confederating, which is a felony. The mayor and police are making every effort to send the offenders to state prison if possible. Efforts are being made to identify and arrest over 100 other collegians.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, we do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Bryan Endorses Hearst.

New York, Nov. 3.—William J. Bryan has written a letter to Bird S. Coler, borough president of Brooklyn, endorsing the candidacy of William R. Hearst, for governor. Mr. Bryan's letter follows: "My dear Mr. Coler: I am very anxious to see Hearst elected, and would come to New York to help him if I thought an outside speaker would have been of assistance. From indications, however, he is going to win, as he ought to. If I have any friends there, I want them to vote for him. (Signed) Bryan."

Sluggish Liver a Foe to Ambition.

You cannot accomplish very much if your liver is inactive as you feel dull, your eyes are heavy and slight exertion exhausts you. Orino Laxative Fruit Syrup stimulates the liver and bowels and makes you feel bright and active. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and very pleasant to take. Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

Sale of Cotton Mills.

Jackson, Miss., Nov. 3.—Thad B. Lampton, receiver, acting under a decree of the federal court, Thursday morning, sold the property of the Mississippi Cotton mills at Wesson, the largest cotton mill in the state, to Lerman, Stein & Co., of New Orleans, for \$300,000. It is presumed the property was bought for a syndicate. It has been in the hands of a receiver for one year.

Pasha Concentrates Troops.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists.

Leopold Makes Confession.

Chicago, Nov. 3.—The chief of police was advised Friday by the police of Wausau, Wis., that Leonard Leopold, wanted in Chicago on the charge of complicity in the murder of Mrs. Margaret Leslie, the actress, had been arrested there. Leopold is said to have made a full confession of his part in the crime.

FLORIDA'S FAVORITE HOTEL.

The Great Tampa Bay Will Be Prepared to Take Care of All Visitors During the Fair.

The management of the Tampa Bay Hotel has spent \$25,000 during the summer months in renovating the big hotel, and today it is in better shape than ever. It is the most palatial resort of its kind in the country, and Manager Lauber informs this paper that he has made special arrangements to care for Floridians and others who may visit the Fair. The rate has been reduced for this occasion, and will run from \$1.00 per day up, and no one should visit the Fair without seeing the Tampa Bay Hotel, because it is one of the greatest attractions in the world, and enjoys the enviable reputation of being one of the best conducted hotels in the country. The rate is low enough to permit all to spend at least a few days under its hospitable and palatial roof.

It would be a good idea to write or wire Manager Lauber and engage rooms for the occasion. Your visit to Tampa and the greatest Fair that the South has ever had will not be complete unless you stop at the Tampa Bay.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." London, Nov. 3.—George Herring, the noted English philanthropist, who, in the course of his life, contributed large sums of money to hospitals and charitable enterprises, died Friday after an operation for appendicitis. He made his first money on the race courses, and subsequently became identified with a number of large businesses.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Calvary Pursuing Brigands.

Monotonous.

A well known physician once told a patient who he suspected was receiving too many calls from solicitous friends to make a stroke with a pencil on a piece of paper every time he was asked, "How are you today?" The result for one day was just twenty-four strokes, and the physician immediately gave strict orders that no visitor should be permitted to enter the sick-room until further notice, remarking to the nurse that if his patient must be worried to death there was at least no reason why it should be done in such an unscientific manner. Only those who have suffered serious illness know how trying it is to be required to answer again and again the same question asked by one well meaning individual after another. It would matter less if visitors contented themselves with asking just one question, but they do not, and the minute details of one's ailments become peculiarly depressing after a few repetitions. Many people forget that rest and quiet are often invaluable agents in securing restoration to health.

Chinese Gardens.

In the ornamenting and beautifying of gardens the Chinese excel over all other nations. By means of a variety of winding walks they make a small place appear twice as large as it really is. Innumerable flowerpots, containing a great variety of beautiful asters, of which they are very fond, are sometimes arranged in a labyrinth, from which you cannot get out again without a guide. They seem to have a very extensive assortment of asters; one species is quite white, as large as a rose, with long graceful leaves, which the Chinese use in the season for salad, justly esteeming them a very great delicacy. When the asters are all in full bloom, the pots arranged handsomely near a piece of water and the walks and alleys well lighted at night with variously colored lamps, a Chinese garden has the appearance of one of those enchanted palaces we read of in the Arabian tales.

Separate Schools for Oklahoma.

Tulsa, I. T., Nov. 3.—The Indian Territory Federation of Women's Clubs, in annual session here, Thursday, adopted by unanimous vote resolutions favoring separate schools for whites and blacks in the new state of Oklahoma.

Wisconsin Governor Ill.

Madison, Wis., Nov. 3.—Governor Davidson has returned home and taken to bed, ill of rheumatism as a result of strenuous automobile campaign.

A Year of Blood.

The year 1906 will long be remembered in the home of F. N. Tackett of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has passed, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and \$1. Trial bottle free.
